The Workspace Consultants designed the interior for the fit out and refurbishment of 35,000 Sq Ft in Cambridge. The building, on 3 floors was to accommodate business expansion and consolidation from 2 existing offices into one.
The Workspace Consultants provided full design services and produced a fully priced and quantified budget prior to going out to tender for the work. Then followed a detailed tender evaluation and negotiation process where significant cost was saved and a main contractor chosen.
The project was completed in 12 weeks on site and The Workspace Consultants project managed the works including programme and calculation of payments ensuring they were set out on a fair percentage complete basis, in line with the terms of the contract. Following the success of this project both in terms of design and implementation, The Workspace Consultants where asked to handle a further 4,000 Sq Ft project in London.

THE WORKSPACE CONSULTANTS

""The Workspace Consultants successfully represented Booking.com with our Cambridge and London office moves. They expertly managed every step of the process, from the start of the initial space planning through to both project completions. Working with Mike Bird, Carol Chinn and their team has been a professional and creative experience. Their expert knowledge of our industry and understanding of our specific needs and requirements has been exceptional."
Tracy Ludick - Facilities Manager - Booking.com
